### Conference "Our Common Future"

Dear Dr. Gavrilov,  
dear Dr. Gavrilova,

Trusting that you have all returned home safely and filled with a bunch of new and inspiring insights into our multi-faceted common future, let us extend to you our most cordial greetings from Hanover and Essen. Thank you, once again, for your participation in the conference which, due to your instructive contributions, surpassed our hopes and expectations. It was a tremendous pleasure for us to welcome you all in Germany, and we considered both the panel discussions as well as our more informal talks a truly worthwhile and memorable experience.

Most lectures, some videos and many pictures of the conference are available at: <http://www.ourcommonfuture.de/nc/en/documentation/>. Should your presentation or paper not yet be online, we would be very grateful if you could send it to Mrs. Barbara Riegler ([riegler@volkswagenstiftung.de](mailto:riegler@volkswagenstiftung.de)).

In addition to the online publication a colorful and at the same time informative documentation of the conference is currently being prepared and will hopefully be ready for delivery to all participants in April 2011.

With best wishes and early Seasons Greetings,

Dr. Wilhelm Krull
